DELUXLITE**

iefly:

Deluxlite

Patented and Patents Pending

A Harter Fixture designed especially for Nitrogen Lamps and embodying all the good and exclusive qualities that HAR^TER stands for.

A Modern Method

of illumination blending soft filtered light with reflected rays from a dull white surface.

The effect is delightful---Glorianna Glass below Cameo White is the cause.

Beautiful

lines and the velvety white of glassware and reflector harmonize thoroughly with modern architecture.

Approved

Patented construction eliminating fire danger, is recognized by Underwriters who exclusively approve ceiling Harter Deluxlite for 500 watt Nitrogen Lamps.

For further details see pages 5 and 7.

Harter Deluxlite

Exclusively approved by the Fire Underwriters for 500 watt,
(or smaller) Nitrogen Lamps placed against the ceiling.

Cameo White
Reflector

Glass Urn

Positionable
Socket

Ceiling Type

Desirable for Stores, Offices and Public Buildings

No.	Lamp Size	Reflector Diam.	Over all Depth.	Urn Size	Socket	List Price
2915	100- 200 W.	15 in.	12 in.	8½x 6½	Std.	\$11.75
2918	200- 250 W.	18 in.	14 in.	10½x 8½	Std.	15.00
2918½	300 W.	18 in.	14 in.	10½x 8½	Mogul	16.00
2923½	300- 500 W.	23 in.	16 in.	13 x11½	Mogul	22.50
2927½	400-1000 W.	27 in.	19 in.	15½x13½	Mogul	43.00

For Pull Switch and 10 ft. Cord specify and add to list \$1.50.

Reflector Rim specially finished Satin Gold at 15% additional.

Wiring and lamps are not included. No insulation required.

Table No. 2 Discounts apply to above prices.

Harter Deluxlite

(Ceiling Type)

We recommend placing Deluxlites directly on the ceiling.

It gives even a small room the appearance of being spacious and well arranged.

The ceiling is the logical place for a lighting fixture.

Positionable Socket

Socket may be positioned to use any size lamp.

This exclusive feature makes the Deluxlite especially valuable where different light intensities are required.

Glorianna Glass

This special glass is not dense, opal, light absorbing.

It consists of two layers: a bubble-thin lining of diffusing glass to soften and scatter the light, strengthened by a more substantial outer coat of crystal clear glass.

Glorianna glass prevents undue light absorption and gives the user all the light he pays for.

No Ceiling Rings

Urns may be raised or lowered to eliminate objectionable light rings or shadow rings on ceiling.

These rings are a mark of inefficiency—of misplaced light and wasted current. Deluxlites (properly installed) cast no ceiling rings.

Harter Deluxlite

Length over all
48 inches

Canopy and Chain
Cameo White

Cameo White
Reflector

Pendant Type

Recommended only where ceilings are extremely high.

No.	Lamp Size	Reflector Diam.	Urn Size	Socket	List Price
3015	100- 200 W.	15 in.	8½x 6½	Std.	\$16.25
3018	200- 250 W.	18 in.	10½x 8½	Std.	19.50
3018½	300 W.	18 in.	10½x 8½	Mogul	20.50
3023½	300- 500 W.	23 in.	13 x11½	Mogul	27.00
3027½	400-1000 W.	27 in.	15½x13½	Mogul	47.50

Body length as listed on page 4.

Regularly furnished 48 inches over all.

For extra length chain add to list \$0.75 per foot.

Wiring, insulation and lamps not included.

Table No. 2 Discounts apply to above prices.

Harter Deluxlite

(Pendant Type)

The pendant type is only recommended for extremely high ceilings, say of eighteen feet or over.

It is the regular Deluxlite suspended by a chain.

Cameo Finish

Cameo finish is a special process porcelain enamel fused on and into steel at white heat.

It is not the shiny kitchen-ware product you are familiar with; but is a pure, dull white, highly artistic without sacrifice of efficiency.

Artistic Scientific Design

The Deluxlite is the combined product of an artist and an illuminating engineer.

The reflecting surface of the Deluxlite is *not* flat. It is rounded scientifically, to gather and distribute the light properly. It is beautifully efficient and efficiently beautiful.

Easy on Eyes

The result obtained with Deluxlites is restful and pleasing.

The glare of higher powered Nitrogen Lamps is broken and diffused.

Fine for matching colors — Deluxlites supplant daylight.

Instructions for Ordering

Genuine Deluxlites come in cartons as shown above, glassware and reflector packed separately.

These cartons are your insurance against breakage and against substitution of inferior fixtures.

Pick the livest dealer in town and look for this sign:—

If there is no local Deluxlite Agent by all means write us, correspondence is a pleasure.

Our engineers are at your service—no obligation.

Beware of over-ordering. Deluxlites, because of their scientific design, the non-light absorbing glassware and absence of ceiling rings, (as explained elsewhere in this catalog) illuminate larger areas than ordinary fixtures of similar type.

Approximate Shipping Weight

No.	Glassware lbs.	Reflector lbs.	Total lbs.
2915	3½	6½	10
2918	5½	7	12½
2923½	7½	11	18½
